Masconomet Alma Mater
Music: Douglas McIntosh '62
Lyrics: Members of the Advanced Composition Class of '62

Here by the pleasant meadows
Stands our Alma mater
Set by legendary waters flowing forever.
You formed our heritage, you shaped our futures;
Our Masconomet, we pledge you our loyalty.
Here 'neath your golden letters
We formed lasting friendships.
Cherished hours spent together we will remember
You formed our heritage,
You shaped our future,
Our Masconomet, a name that will never die.

Class of
2014

Theme

In 1967, the Beatles released the pinnacle album of their career: *Sgt. Pepper's Lonely Hearts Club Band*. With a grandiose theme, copious amounts of musicianship, and the support of millions of screaming fans across the globe, John, Paul, George, and Ringo were on top of the world. Add to that the pseudo-album *Magical Mystery Tour*, released later the same year, and what you have is an over-the-top, jump the shark, Beatlemania infused monstrosification that even they themselves couldn't top. As they say, if you can't beat them, join them. And join them they did...if by "them" you mean everybody else beside the Beatles.

In 1968, the fab four released a follow-up album to the aforementioned 1967 productions. Simply titled *The Beatles*, the two record album cover was all white, with "The Beatles" written in a medium gray ink placed in the middle, slightly to the right. That's it. Yep, the mighty Beatles, who recruited the talents of countless musicians for the Sgt. Pepper's and Mystery Tour albums, suddenly underwent a revelation: keep it simple.

The MiToBo staff heeded the Beatles unspoken advice and took a sabbatical from the complicated themes of years past, setting out to create their own version of the White Album. The 55th edition of the MiToBo yearbook places emphasis on content rather than following a theme; by sticking to a solid yet neutral color palette and simplified design elements, this book embodies the beauty of simplicity.

The book itself is a representation of the transition that the class of 2014 will soon face as they venture into unfamiliar territories, encountering new people, places, and experiences. Just as the MiToBo staff left everything behind and reshaped the essence of their yearbook, the class of 2014 will be given a fresh start from which they are free to forge their lives ahead of them. It is their White Album.

Masconomet fourteen

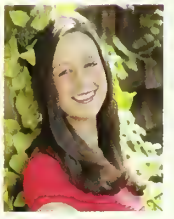
Dedication

Over the past seven years, Jennifer Ayers has become an integral part of the Masconomet community. After graduating from UMass Lowell in 1996, Ms. Ayers got her first teaching job at Haverhill High School. In February of 2007, she began teaching at Masconomet. In addition to earning degrees in Psychology and Health Education, she has also recently completed her Certificate of Advanced Graduate Study. As the advisor to the Class of 2014, Ms. Ayers has helped guide her students through their high school careers. "She wanted to do more than be a classroom teacher," said colleague Todd Maguire, "becoming an advisor gave her the chance to fulfill her wish of being able to bond with a class over the course of four years."

The Class of 2014 is delighted to dedicate the fifty-fifth edition of MiToBo to Ms. Jennifer Ayers in recognition of her commitment and service to the students as well as the entire Masconomet community. Thank you Ms. Ayers!

"Her enthusiasm inspires me to be a better person."
~Kathleen Gillespie

"Ms. Ayers is like my second mom. She has taught me so much over the past four years.I could not have asked for a better class advisor or a better person."
~Elizabeth Tyler



"Ms. Ayers is someone who is driven, dedicated, and hardworking. She genuinely cares for her students and her fellow staff members. This year's class is very lucky to have her as their advisor."
~Alejandro Verdaguer

"Ms. Ayers is a unique mix of energy, enthusiasm, dedication, drive and care for students that is unmatched."
~Todd Maguire

Retirees

Dr. Darrell Lockwood

Having spent 38 years in the field of education, the last four spent at Masconomet, Dr. Darrell Lockwood has brought both skill and expertise to his position as Superintendent. Holding a Bachelor's Degree in Education from Westfield State College, a Master's Degree in Organizational Management from Antioch University, and a Doctorate in Educational Administration and Curriculum/Instruction from Boston College, Dr. Lockwood's extensive education prepared him for the nearly four decades of working in schools across Massachusetts and New Hampshire. Throughout his career, he has had the opportunity to work at a range of positions before becoming a superintendant, from principal to business administrator. One of Dr. Lockwood's favorite things about his job is working with people, which he can accredit to his experiences in various roles within the field of education. According to Dr. Lockwood, "having the opportunity to work and collaborate with a talented and diverse group of youngsters, faculty members and community members" is a key reason why he has enjoyed his position at Masconomet so much. Following retirement, he will look forward to reading more, as well as to continue watching his two daughters grow and learn. Dr. Lockwood has been a key component in developing the Masconomet Regional School District through his time here and will be missed for years to come.

Paul Harrington

For the past fourteen years, Paul Harrington has made a profound impact in both the High School and Middle School by helping to create a safe environment for all students. Mr. Harrington graduated from Northeastern University and received his Master's Degree at Salem State College. He then took up teaching and coaching positions at Landmark School, Bishop Fenwick, and Salem High before coming to Masconomet. During his tenure as Vice Principal in the Middle School, Mr. Harrington consistently dedicated his free time to serving as a member of the coaching staff for football, girls track, and girls tennis. He also worked with Mr. Delani as Co-Athletic Director for two years and was the department head of Physical Education for five years. After retiring, Paul will miss his interactions with both staff and students, something that has made his job at Masco an incredibly rewarding experience. Moving forward, he is excited to work on a golf course this summer and fall and hopefully do some traveling with his wife.

During her nine years as a teacher and the head of the Science, Technology and Engineering Department, Dr. Karen Blakeslee has been consistently dedicated to the success of Masconomet students. In the early stages of her career, Dr. Blakeslee taught at schools in New Hampshire and North Carolina; then, she had the opportunity to co-author a chemistry textbook before becoming a technology content developer for a publishing company. Dr. Blakeslee's career continued as she was hired as a senior researcher at Education Development Center. Finally, she served as Assistant Principal for Curriculum and Instruction at Franklin High School before coming to Masco nearly a decade ago. One of the most rewarding experiences for Dr. Blakeslee is helping students pass the science, technology, and engineering portion of the MCAS test, a requirement for graduation. After retirement, Karen will have more time to garden, cook, travel, and visit her grandson.

Dr. Karen Blakeslee

Sandra Crete

Ms. Sandra Crete first came to Masco in 1999 to serve as a science tutor, but soon transitioned to tutoring for the special education department. In 2005, she became the House C secretary, and two years later, she became the administrative assistant to the assistant principal in House D. Ms. Crete has had the opportunity to direct several plays at Masco, including Godspell in 2001. "The cast did two encores of 'God Bless America' on the first night; I was so moved by that," she explained, "I have had such a great time at Masconomet, but now it's time for me to move on." Ms. Crete hopes to find more time to ride horses, her longtime passion.

With seventeen years in the Middle School and fourteen years in the High School, Ruth Ryan has had the opportunity to help students plan for their futures through her role as a guidance counselor. Before coming to work in the Tri-Town, Ruth graduated from the University of Massachusetts and used her education to pursue teaching in New Hampshire. After three years as a teacher of English and French, Ms. Ryan worked in a residential program helping abused teenage girls. After a "brief stint" as a social worker, Ms. Ryan came to Masco and began her job as a guidance counselor. "I love seeing young adults off to their next destination in life," she commented, adding that she loves the optimism of students and her co-workers. When asked about tips for students, she advises, "Read. Read everything you can get your hands on and never stop. The greatest gift my parents ever gave me was a love of reading, which proved to be a springboard for everything else that I have done."

The Masconomet Yearbook Staff is much more than a group of students that create your yearbook. Although it may seem like they are just an average class, working together has made them into a family. Some students have been a part of the class for three years, while others have been involved for only one, yet they are able to work as one close-knit crew. Creating the yearbook is a long and arduous process but they all come out feeling extremely proud of their work and knowing they will be a family for years to come.

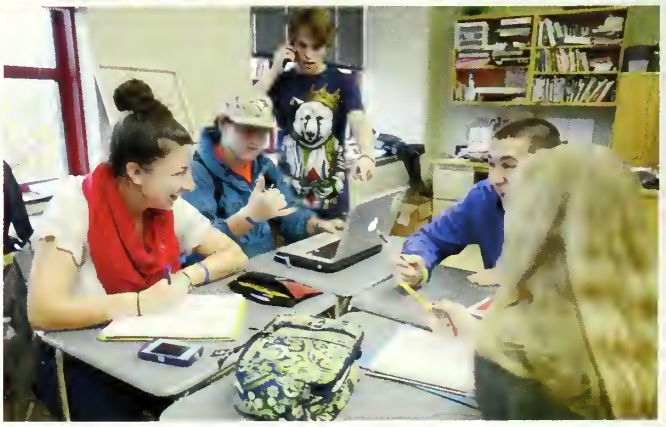
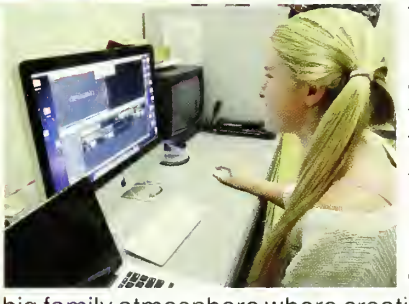
The Chieftain Chronicle

Chieftain Chronicle editor **Rebbeca Stone** has been a member of the Media and Communications class for three years. Her sense of accomplishment in producing the Chronicle, a weekly section in the Tri-Town Transcript, is what keeps Rebecca coming back. "I remember the first time one of my articles was published. It was such a special moment that I will always remember. I was proud see an article that I worked hard on become published." The Chieftain Chronicle is a valued resource for the Tri-Town Community where students are able to experience what a career in journalism is like.



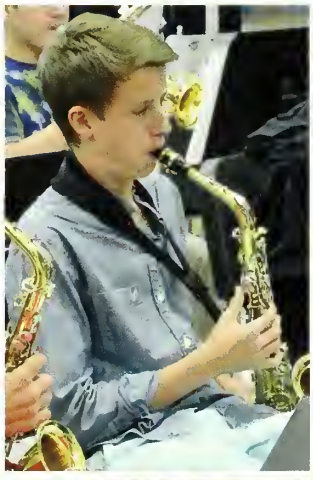
Morning Update



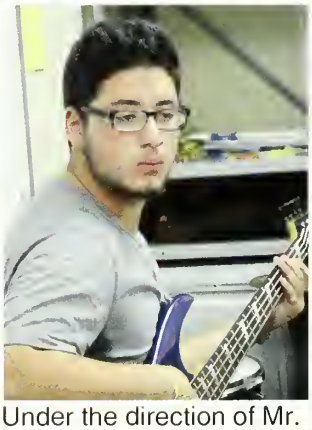
Taking the Media Communications class provides a unique experience for students at Masconomet. This class offers students the opportunity to produce a section in the Tri-Town transcript while running the television studio that broadcasts the Morning Update. Morning Update producer **Mitchell Nekoroski** feels that combining these two worlds creates one big family atmosphere where creativity is key. By giving students the freedom to create captivating and meaningful content, this class can help students to decide whether a career in broadcasting or journalism might be the right choice for them. While working together as a team, students learn to self-govern, which yields and nurtures leadership, resulting in an atmosphere of professionalism as well as a finished, creative product.

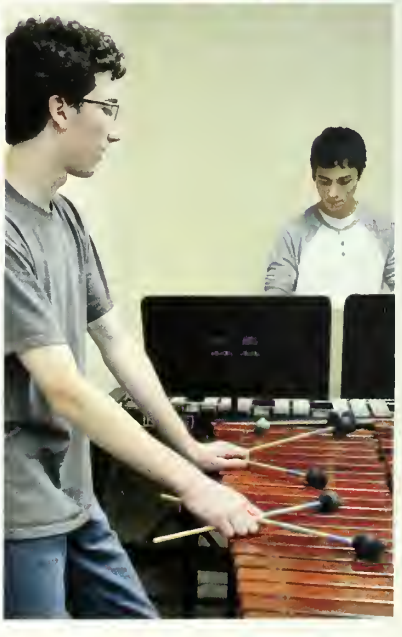
Band

The band offers musical opportunities such as performing in the Jazz Band and playing in the pit band, which is a select group that plays live music to accompany the musicals at Masconomet. **Guillermo Goldschmeid** states that "Band is important to me because music is something I want to do for the rest of my life, and it is helpful in more than just the musical aspect. It's a stepping stone into my future." These opportunities in the Masconomet Band expose students to different types of music, all while enjoying the company of their friends.

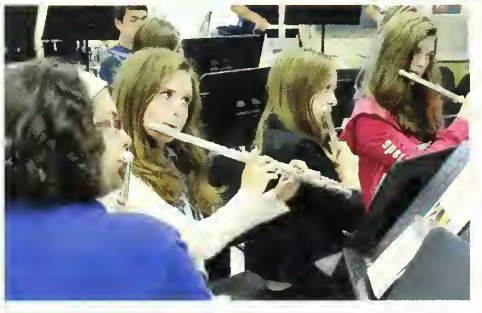


Senior saxophone player **Olivia Jarvis** states, "The people in band have been my family, and I don't know what I'm going to do without them next year in college."





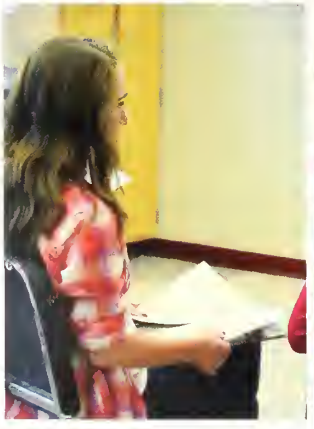
Under the direction of Mr. Brocklebank, the Percussion Ensemble practices separately from the band and performs in the annual Holiday and Spring Concerts.



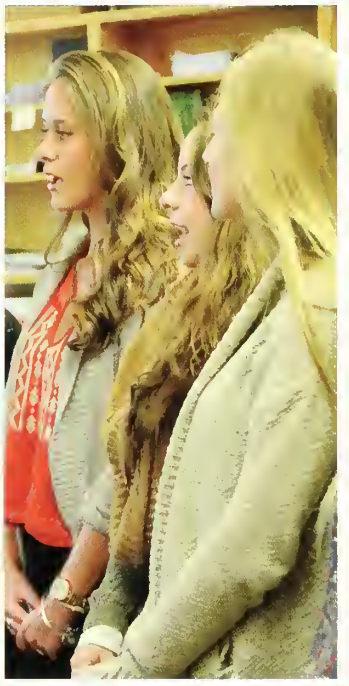
The Masconomet Band is made up of students dedicated to music . Under the direction of Mr. O'Keefe and Mr. Gray, the band practices every day for upcoming performances. These performances include the annual Holiday and Spring Concerts. The Masconomet Band also shows off their marching skills in the parades honoring Memorial Day and the Opening Day of the Topsfield Fair. The band provides music in Masco events such as the Memorial Day assembly as well as the seniors' class night and graduation ceremony. They are an all-around a major part of the Masconomet community.

Chorus

Under the direction of beloved teacher **Brian Ocock** (below), the Masconomet Chorus members are divided into four groups, each with their own unique sound. Freshman start their singing career in Singers, eventually working their way up to Ladies Chorale, Chorale, and Chamber Choir. The chorus performs numerous times throughout the year, notably at the annual Christmas Concert which draws in large crowds.



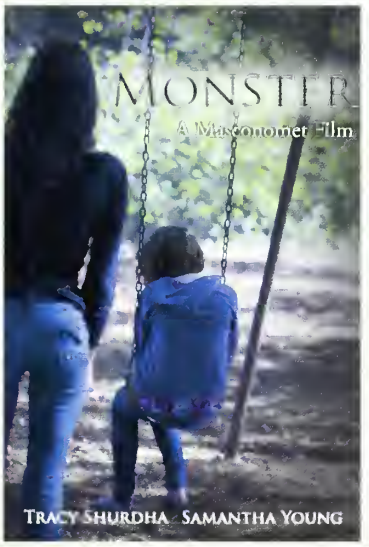
Choral Director **Brian Ocock** has dedicated his career to helping students find and develop their love for music. This is evident in his senior students, many of whom have studied with him since middle school. "I plan on pursuing music in college and Mr. O has always been 100% behind me. He told me to take private lessons in seventh grade and I have been hooked ever since," said senior **Kelsey McAlarney**. Ocock has become not only a musical resource but also a valuable supporter for his students. "I can easily talk to him about anything," said **Veronica McLaughlin**. "He has helped me grow not only as a vocalist but as a person too."



A Chorus Line

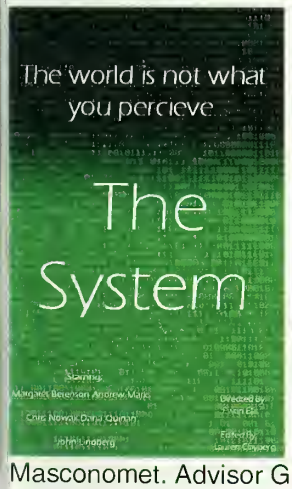
Directed by Greg West, *A Chorus Line* portrays a story of seventeen dancers auditioning for a Broadway show. Students represent the characters' journey together as they face the ups and downs of the performing arts industry. In addition to playing the lead, Senior **Veronica McLaughlin** took on the challenge of choreographing the musical. She commented that she "took people who had never danced a step in their lives and made it look like they had been dancing for years." *A Chorus Line* is "different from any show that has been done at Masco" said senior **Lia Fitzsimmons** who has been a prominent participant in Masco plays throughout her high school career. She went on to say that this "show is modern and something everyone can relate to which is special in a high school production."

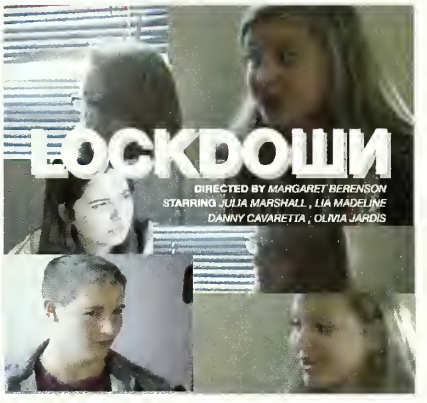
Masconomet Movie Festival



Senior Dan Proctor was the director of both Midsummer High and Monster. "The festival not only gives students the opportunity to act, but it gives them a chance to tell the story they want to have told. "

Senior Jenna Centofanti dipped her toe in to the theatre department for the first time and had amazing results. "I saw a the film festival as a chance to try something new and creative."





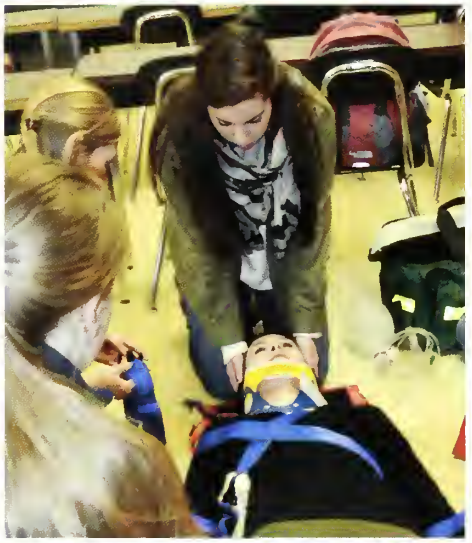
The bi-annual Masconomet Film Festival brought together many talents of the students of Masconomet. Advisor Greg West presented a challenge to students of all grades to create their own film from start to finish. Directors **Dan Proctor, Jenna Centofanti, Baxter Demers, Margaret Berenson, AJ Marks** and **Nicholas Jean** had to write their own scripts, through which they could tell their own unique stories. Each director cast and directed their own movie, which presented different sets of challenges. The actors were able to take a break from stage acting and experience the different methods involved acting in the film medium. The Masconomet Film Festival showcased the best our school has to offer.

Masco Spirit

(Below) Senior coach **Andrew Steinberg** and captain **Rebecca Stone** discuss strategy at the annual Powderpuff game during the pep rally before the Thanksgiving Day game. With Andrew's remarkable leadership skills and Rebecca's unmatchable athleticism, the senior girls went on to defeat the juniors by a score of 5-2. Regarding the team's performance, Coach Steinberg comments, "the girls fought valiantly and practiced hard for the win. They toughed it out on many cold Saturday mornings to prepare for this game and it showed through their dominance."

Harrison Kent comments on the senior victory at the pep rally, "It felt good to finally be on the winning side of a pep rally. The seniors usually dominate, and this year followed suit. I was disappointed in our performance in wheely chair basketball, which was most likely due to sub-par coaching and playmaking. Nonetheless, it was a hard fought battle, and we deserved the victory. It will remain in my heart forever."

SERT



Members (shown below): **Joseph Bialecki, Danielle Cataldo, Timothy Dierze, Miranda Glynn, Haley Greenslade, Madison LaFreniere, Jessica Louissaint, Alexandra Rahilly, Marisa Rosenthal, Sarah Yeakel.**

SERT (Student Emergency Response Team) is comprised of ten students enrolled in the EMT class who are preparing to become certified as Emergency Medical Technicians. Under the guidance of their teacher and former paramedic Greg West, the students learn lifesaving techniques including CPR, automated external defibrillation, and mechanical ventilation using a bag-valve mask. In addition to taking the EMT class, the members of SERT receive additional training to assist first responders during fire drills, field trips and athletic events, all while wearing fashionable orange vests.

Peer Leading

The Masconomet Peer Leading Program strives to help freshmen transition into their high school careers. The 80 junior and senior peer leaders spend countless hours dedicated to honing their leadership skills with the aid of advisor **Reilly Finnegan**. This year, the peer leaders worked alongside the freshmen class to raise money for the Cystic Fibrosis Foundation (CFF) via Masco in Motion. The $34,300 raised through this annual fundraiser will help the CFF in its quest to find a cure for this deadly disease. This success serves as the first of many future accomplishments for the Class of 2017.

I love my grade so much; everyone is so friendly, and they always have a lot of school spirit. I hope we continue to become more united and stronger so that we can all work together to accomplish amazing things.

I've seen our class come together more and more over the past two years, and I hope we continue to become closer with one another and create friendships that will last beyond our high school careers.

The Class of 2016 is a great group of friendly and determined people who continue to grow close for the future.

The Sophomore Class of 2016 had an incredible second year of high school. Led by five hardworking and passionate officers, they raised over $5000.00 for their class treasury through successful fundraisers and donated over 1000 canned goods to Haven From Hunger during the holiday season. I look forward to serving as their class advisor throughout their high school careers.

To whom it may concern:

I can't believe it's already over! Masco has been my second home, and all of you my second family. Thank you to everybody and everything.

For the last four years, I have tried to meet and get to know all of you. If I was successful, than my high school career has been a success. If not, please forgive me.

I'll always remember AD, HP, SW, NG, MP, the goober-car gang...awesome times and friends at the Audobon (conveniently located at the intersection of Perkins Row and Ipswich Road in the heart of Topsfield, Massachusetts). I'll never forget you PK. Splooging blurbs won't be the same without you.

Masco Chieftains! GO KATIE!!! Tweet often, 'gram much, and book it forever, dudes.

Throughout the course of my life, I've had my own problems with self confidence and esteem. This quote means much to me as it reminds me that everyone, including me, is beautiful, inside and out (as cheesy as it sounds). You don't need to make yourself look better for other people because if people are good, they'll accept you for who you are. High school provides experience, both for finding yourself and for finding who your true friends are. I'd like to thank a couple people who made my experience worthwhile. First off, as always, I'd like to thank my parents for always supporting and loving me through everything. Next, I'd like to thank a few people: Alexa Hughes, Becca Weston, and Emily Fontaine. You guys have made this experience great and have always stood by me no matter what. Also Pat and Jake, your bromance is the funniest thing I've probably ever seen. I'd also like to thank Treblemakers for being the best singing group I have ever stood by. I love you guys, to the moon and back. Thank You everyone and congrats Class of 2K14 for staying strong and making it through!<3

We hear lots of risks associated with following our dreams; going broke, being "a starving artist". But what about the risks involved in following the straight and narrow, the beaten path of safety and predictability? Risks like; Compromising what's important to you, doing something that fails to express who you are, and the biggest risk of all; **the risk of Spending your life** not doing what you love on the gamble that you can buy the freedom to do it later.

Senior year is finally here,
and I have so much left to say
before we find the end of the year,
leaves us parting ways.

I've achieved so much, come so far,
I can't help but be proud;
of how I learned to shoot for the stars
and live my life out loud.

So here's to those who've helped me
become who I am today.
I hope you know I find myself lucky,
you touched my life in some way.

Mom & Dad – Thank you for being such great role models these past 17 years. You've pushed me to always work hard & strive for nothing short of perfection. Thanks to you, I have the tools I need to start this next chapter of my life. I love you both with all my heart.
Nicole – If you weren't my sister, I'd choose you as my best friend. Through it all, the good, the bad, & the ugly (it's been pretty ugly) you've stood by my side holding my hand. High school is going to fly by. Work hard but have tons of fun! I love you my beautiful girl, & I'm so proud of you!
Friends – These 4 years would not have been half as fun without you. The memories we've made together will last a lifetime! I never laugh more than I do with all of you. Couldn't have asked for a better group of friends. Love you all.
Everyone Else – Good luck ;)

"As for time management, the quicker you fall behind, the more time you have to catch up...therefore, if you fall behind right away, there will always be enough time to catch up. However, if you wait too long to fall behind, you might not have enough time to catch up...so fall behind now before it's too late, but remember, if you work twice as fast, you'll get the work done in half the time, which will allow you the other half of the time to catch up from when you fell behind." -

When I first entered high school everyone told me that it will go by so fast. I thought to myself yeah right it can't go by fast enough. But now that it's finally over and I think about it, it did go by fast. I can't wait to move on from high school even though it wasn't as bad as everyone made it seem. I never would of gotten through it if it wasn't for my parents, friends, and some of my teachers.

Jake: Truth is, you're the best brother a dude can ask for and you're never afraid to be yourself. Don't change a damn thing.
Manni- Best bro I've got. Teammates from Little League to senior year. We may never play on the same field again but you'll always be my dude. Stay strapped homie. Brothers for life.
Friends: You know who you are. Love every one of you guys, we've become a family and I'll never forget the good times we have. Stay in touch, much love.
Ballsquad: Best crew a captain could ask for. The closest team I've ever been apart of and we definitely know how to have fun. Plenty has happened since I started ninth grade, even more has happened since the beginning of middle school, and too much has happened since I started school. It's been an adventure with its ups and downs since, especially throughout high school. This small rectangle can't fit all those memories in, or the names of everyone I've shared those memories with. But I do want to give a thank you to all those who took part in those memories. If you can remember something we did together, then you know who you are.

I remember a few years back, I used to look up to my brothers and their friends and think "I want to be able to tell stories like theirs." Obviously those stories aren't the same, and they'd be boring if they were. But those stories, both my own and my brothers', remain.

I'm glad I did track and cross country. Both will continue to be special to me. I hope those teams keep trying their best at being the best. Remember, *Play Track*, RUN MXC

To whom it may concern:

I can't believe it's already over! Masco has been my second home, and all of you my second family. Thank you to everybody and everything.

For the last four years, I have tried to meet and get to know all of you. If I was successful, than my high school career has been a success. If not, please forgive me.

I'll always remember AD, HP, SW, NG, MP, the goober-car gang...awesome times and friends at the Audobon (conveniently located at the intersection of Perkins Row and Ipswich Road in the heart of Topsfield, Massachusetts). I'll never forget you PK. Splooging blurbs won't be the same without you.

Masco Chieftains! GO KATIE!!! Tweet often, 'gram much, and book it forever, dudes.

Mom, Dad & Steph- You guys have supported me every step of the way. I can't thank you enough for all that you have done for me.
Erica- I don't know what I would have done without you these past two years. You've always believed in me, even when I've doubted myself. Without you, I wouldn't be the person I am today.
Brenno- You've taught me to find humor in everything, even in the grimmest of situations. Without that, I can't imagine how stressed I would have been these past 4 years.
Caruso- You've taught me to push the limits in every aspect of my life. You've made me a stronger person, mentally and physically.
The Dream Team...and Steve- I'm seriously gonna miss all of you. I've never met such a hysterical, unmannerly, vulgar group of people. Each and every one of you have never failed to make me laugh. I love you guys.
And to the Class of 2014...may you all have a healthy and prosperous future. Two-oh, one-four!

Christopher Mini

Meagan- I'm so glad I have someone like you to look up to. Thank you for teaching me the importance of perseverance and being there for me in more ways than one. **Molly-** I'm going to miss our secret conversations and your unbelievably good baked goods. **Bobby-** I've always admired your ability to be yourself no matter what and I hope you never loose that-good luck surviving high school. **Emily-** Make every moment count and remember to keep Bobby in line! **Mom & Dad-** Thank you for supporting me through everything and teaching me the importance of dedication, but more importantly- sarcasm. **Friends-** Thank you all for making high school as memorable as possible and I'll miss you all so much!
KO, HM, AM, MG, CF- I can't believe I have to be the first to leave for college. I can't thank you enough for everything you guys have done for me, and all those times you made 8-hour practices and 12 in-a-rows bearable. I'll miss you all so much!

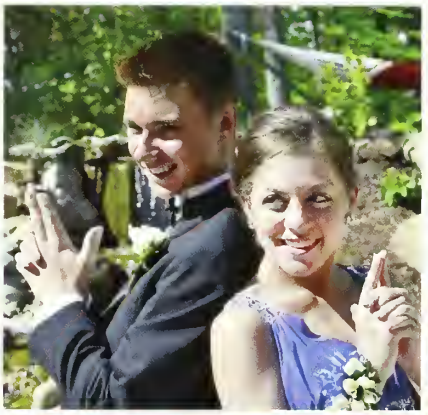
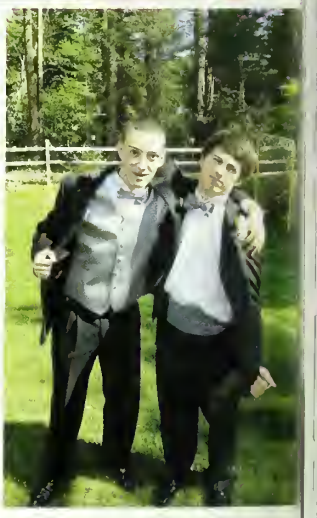
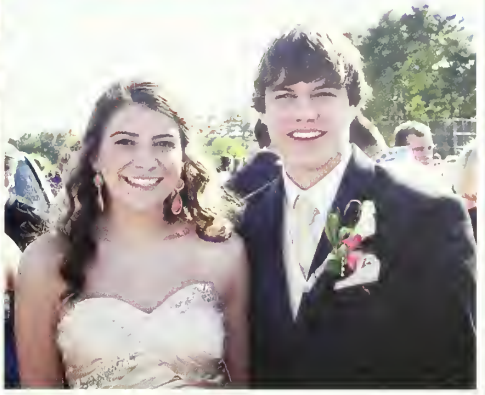
Unmask The Night

May 17, 2013







On the night of May 17, 2013, the Masconomet Junior-Senior prom was held at the Marriott Copley Boston. Students enjoyed a jovial and memorable night lead by prom Prince Tim Dierze, and Princess Taylor Teed. The Masconomet Prom Committee worked hard to incorporate the masquerade theme in order to enhance the ambiance and mood of the night.

Frolics

The Class of 2014 celebrated growing up in a world ruled by social media at this year's Frolics, "the show with good chirps and #nofilter." Directors **Lia Fitzsimmons** and **Nicholas Gendron**, working with producers **Stephanie Ford** and **Mitchell Nekoroski**, were able to orchestrate a memorable show for the evening of Friday, March 14, 2014. Skits and videos mocked everthing from subtweeting to the elderly's challenges using social media. Tweets from the night of the "big game" made a dramatic appearance, while the seniors advised the underclassmen on the girl and guy code of topics like prom, PDA, and social media. Other skits touched upon the importance of getting into a prestigious pre-school, a humorous look at what really goes on behind the scenes of Peer Leading, as well as a Masco-esque parody of Anchorman. Of course, the show was not without the traditional boys and girls chorus lines, where seniors strut their moves on the stage before and after intermission, unsettling parents and students alike. As usual, the show was a huge success, generating funds for senior class activities, while setting the bar high for the upcoming senior class to strive towards.

Congratulations! From your first dance class you started reaching for the stars and what a journey it has been. We are so proud of your achievements during your years at Masco and not just in the classroom but also on the dance floor and on the Miss Massachusetts USA stage. We admire your strength & courage with so many physical set backs and being told you may never dance again, you never gave up! Instead you gave back to others with your community service like the Masco Prom Fashion shows that you created, organized, hosted and danced at! The work and dedication you put into it only shows that you can accomplish anything that you set your mind too. We know that what ever you choose to do in college and beyond you will keep reaching for the stars and following your dreams!

JOSEPH KLINGENSMITH

I can't believe you're graduating from High School. It seems like yesterday . . .
We brought you home
You took your first steps
Your 1st day of Kindergarten
I'll never forget your 1st day of kindergarten! I held back the tears when you stepped on the bus and never looked back. As the bus drove away, Dad and I realized you didn't look back, because YOU WERE READY! Our little boy was confident, happy and excited for the new adventure ahead!
So the day you leave for college, instead of thinking about how much we are going to miss you Joe, your father and I will remember your 1st day of kindergarten and how fortunate we are that our little boy has grown into a tremendous young man . . . confident, happy and excited for the new adventure ahead!

We love you!
Mom, Dad & Jake

All that you have done learned and accomplished, you can truly call your own. Your pursuits are variedand you constantly amaze us. We couldn't be prouder parents. As you step out into college and the world, keep challenging and pushing yourself, keep exploring and taking risks, keep working hard and smart, keep giving it your all, and always be true to yourself and others.
